Ms. Stephanie DeRose, Superintendent of Schools

May 2026

Dear Parents, Guardians, and Members of the School Community,

I am writing to provide information about the 2024-25 New Jersey School Performance Reports, which were recently released and are available at <https://www.nj.gov/education/spr/>.

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a variety of information about each school and district. These reports can be used to help evaluate equitable access to high quality education. We encourage you to:

- **Learn more** about your school and district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities

The NJDOE encourages families and communities to review this information along with other local data to start conversations, identify gaps and student needs, and help ensure all students receive the support and resources that they need.

## What's New in the 2024-25 School Performance Reports

The School Performance Reports have been completely redesigned for 2024-25 because of the NJDOE's transition to a new statewide data system. Every year, the reports are updated to respond to stakeholder feedback, federal and state requirements, and data availability. The 2024-25 changes include:

- New dashboard-based reports that replace many of the prior-year data tables with more visual representations of the data, which makes it easier to compare performance across years, student groups, or grades
- Expanded trend and student group data, with up to five years of performance data
- More interactive reports with options to filter district or state data comparisons.

The NJDOE plans to make additional changes and improvements in the coming years and is seeking public input on ways to improve future reports and feedback on the redesigned reports. Please complete the [School Performance Report feedback survey](#) or email [reportcard@doe.nj.gov](mailto:reportcard@doe.nj.gov) with feedback and suggestions.

Thank you,

Ms. Stephanie DeRose  
Superintendent of Schools, Middle Township
